

BMT for Safety Workshop and Conference 2014 Manchester, UK

Workshop: Wednesday, 19th November
Conference: Thursday, 20th November

Radisson Blu Hotel
Chicago Avenue, Manchester Airport
M90 3RA
Tel: +44 161 490 5000

Good Ideas Gone Bad?

This year's conference will feature a great debate on three safety subjects:

1. Directors' tours
2. Near miss reporting/observations
3. Target Zero

It will be led by Howard Lees and Bob Cummins, who will explain the case 'for' and 'against'. They will also lead a Q&A session and audience participation will be invited.

There will also be conventional presentations. Our speakers are international experts in Behavioural Science, and industry experts who have used science in their leadership and safety roles to produce great results.
